

## MONTHLY FEEDBACK FROM CAREGROUP

List of Team leaders / Volunteers presents / Guests present:

- Pastor Ludy Niturada – Resource lecturer
- Pastor Lorena Niturada – Children’s Ministry Teacher
- Marimar Cadorna Nniturada – Assistant Teacher

Activities (Please attach photos if possible & send):

- Coaching on Church and Christian growth in one church that we are helping – Christ’s herald Church

- I was invited as Resource speaker during a Youth rally in Caba, La Union attended by 450 youth

c. Children's ministry classes conducted by my wife Lorena and Marimar

## Testimonies:

- a. Thank God for the opportunity to minister and help other churches; building the church inside the church. This church's senior pastor is in Australia. And being supervised by an elder. The elder has no formal training from the Bible school but now she's studying for one year. They have few members and most of them are young people.

They requested us to help them in church management, discipleship, pulpit ministry and children's ministry. Upon our evaluation, they exist without knowing why and where to be. They don't even have membership. They don't know the meaning of water baptism and holy communion. So, we conducted a membership class and now scheduling a water baptism.

The pastor and the elder are very happy and they express their gratefulness and telling us that their learning a lot. Now, they started change many things and their number was started growing.

- b. Thank God also for the opportunity to minister among these more or less 450 young people in Caba, La Union. We challenged them to do their role as young people in their respective churches, community, schools an especially to other youth. I am so amazed on their hungriness of fellowship and the presence of God especially that it was their first time again to gather for more than 2 years because of the pandemic. We pray that more youth will come to know Jesus.

c. Thank God to minister among children. My wife and other volunteer teacher were so patient to teach our kid's ministry. We are so happy too because these kids were committed in different ministry in the church. In spite of the many challenges these children are facing. They have overwhelming modules from the school, and pressures and persecution from their families because some of them were being hindered by their parents and guardians. Still, they are committed to come and do their journals and activities in the church.

#### PRAYER REQUEST:

- a. Please continue to pray our kid's ministry. Most of them are pressured because of persecution from their families.
- b. Please pray for more open doors to share the gospel in our community.
- c. Please continue to pray for completion of our building project. We need more funds for our main door – 1 glass main door (50k), 2 sliding glass wall (25k each)

Note: Thank God because our Mayor donated the funds for the fix glasses in front of our church.
