

MONTHLY FEEDBACK  
FROM CAREGROUP

ASIA  
VISION

OCTOBER 2022

Dear Partners.

Greetings in Christ Jesus.

I am so glad and joyful for God's faithfulness in my family and ministry. God is really good all the time.

To begin with, in these previous months, we have good values of almost 20 kids from pre-school to grade 7. We are happy because most of them are eager to learn good manners and the right conduct.

For Youth Education we have 7 youths from grade 7 to grade 12, they are also enthusiastic to learn more and also reach out to some youth from their schools, teaching them good values.

Our women's group is also active in inviting their neighbours to join the values teaching that we have started while having their Livelihood.

We have also established the Senior group fellowshiping with each other, praying with them, we are planning to have their Livelihood too.

**Our prayer request is to multipurpose building for the kid's group, youth group, women's and senior group. May we also pray for the Day Care kids that I will be teaching this school year. I am a volunteer teacher.**

Thank you very much for your support, may God bless you more.

In Christ Jesus, Virgie P Ket-eng
