**Testimonies :**

- > The MSO members are now accepting clothes for repair and can make bags, curtains, pillow cases and etc.
- > Some mothers of the Tuding kids opened their homes for visitation and fellowship
- > I had a good visit with mom who lives in our home town a few weeks ago. She is doing fine and can still take care of her backyard garden.

**Suggestions:**

- > the chain prayer we just did is good so we can continue it...

**Prayer Requests:**

> I will share the Word to the MSO members on Wednesday for our regular devotion time. Pray for open hearts.

> Most of the mothers of the Tuding kids have no regular jobs and are irresponsible. Some of the kids come to our meeting hungry and they are so happy that we feed them. We pray this kids club will be an opportunity to reach out to their parents.

> Salvation for my brother Renato and his family

> Willingness of the women to lead the teaching class on Thursdays and Fridays, this is done virtually
